
ORWL

AVOCATS

A Boutique Digital Economy
Law Firm

2020

A

UNIQUE EXPERTISE

in disruptive technologies (Fintech, crypto assets, esport, etc.) to provide you with clarity in an uncertain regulatory environment and allow you to develop your groundbreaking projects

AND A

WIDE RANGE OF PROFICIENCIES

covered by our team and network of professionals who allow us to remain your single point of contact for all your needs, along your growth path.

TO

DESIGN YOUR LEGAL STRATEGY

anticipate regulations, avoid suffering from compliance constraints, and make it a tool for your development.

AND

SAVE YOUR TIME

as valuable to you as to us, by focusing on the high value-added legal tasks genuinely needed for your project and in the shortest time.

FINANCING

Seed stage, Serie A, Serie B – Issuance of shares, warrants and stock option – Public funding (debt, equity, grants).

COMPLIANCE

VASP licensing – Visa for intermediaries in miscellaneous goods – Service Payment Provider licensing – Esport team licensing

CONTRACTS

With your investors, your partners and your customers: shareholders' agreement, assignment of shares, service provider agreement, NDA, licence, T&C, ToU, etc.

TAX

Tax structuring (corporate, individual and VAT), tax ruling, tax relief (research tax credits, Young Innovative Enterprise scheme), tax audits and litigation, etc.

IP/IT

Trademark and software protection, IP clearance search, assignment of IP rights, IP monitoring, etc.

GDPR

CNIL proceedings, audit, drafting of compliance document, assistance with supervision, and dispute resolution.

AML/CFT

Implementation of AML/CFT procedures, design of workflows tailored to your business, support with partners (KYC providers) and before the regulator.

LITIGATION

Representation in commercial, tax, and labour disputes during the out-of-court stage and before the courts and administrative jurisdictions.

ROMAIN CHILLY

Following his experience in court, Romain is in charge of the regulatory practice of the firm (public law, personal data, AML-FT).

ALEXANDRE LOURIMI

As a specialist in tax issues concerning new technologies, Alexandre is involved in both advisory and litigation practices. He also takes part in the ongoing legal research in this area.

WILLIAM O'RORKE

William has a well-established proficiency in the legal issues surrounding digital assets and blockchains. He is in charge of the firm's corporate and compliance practices.

EXPERTISE

We work exclusively on sophisticated legal issues that we master. Our partners have, in their specific fields, recognized knowledge to provide you with the best possible support.

COMMITMENT

We get involved in your projects by meeting your time and economic requirements, as well as in the industries in which we operate through by taking part in professional associations.

CONFIDENTIALITY

We are bound by our professional duties of confidentiality and the attorney-client privilege. These rules, which generally apply to exchanges with our clients, are especially valuable as we work with groundbreaking projects.

TRANSPARENCY

We do not charge any fees without your prior agreement on the scope of the services. We have at heart to charge only what is useful to you.
